

# It's time to pass a Millionaires Tax!

**Tell your lawmakers:  
No more cuts, tax the super-rich.**

Washington State is facing a \$2.3 billion budget shortfall, and **lawmakers in Olympia are considering more cuts that would harm working families.**

Deep federal cuts have impacted health insurance, food assistance, and other basic needs. Why? To fund trillions in tax cuts for those who need it least – the mega-rich and big corporations.

Legislators need to find new revenue sources, like **a Millionaires Tax**, to fund core programs that Washingtonians rely on and to make our tax code more equitable and sustainable.

- Send an email to your lawmakers to tell them WHY you support a Millionaires Tax

# A Millionaires Tax can fund education, health care, and other basic needs.

It's not news that working families in WA are struggling. Meanwhile, billionaires and their friends in Congress are forcing many of us to choose between groceries and health coverage, and putting more economic pressure on small businesses.

**Our state's tax system is one of the most inequitable in the U.S.** Low and moderate-income working families pay far more in taxes than the wealthiest Washingtonians.

## A Millionaires Tax Proposal would:

- Tax individual earnings over \$1 million annually at 9.9%
- Raise nearly \$3.5 billion per year
- Apply to only 20,000 of the wealthiest people in Washington

Instead of balancing our state budget through cuts that will take even more crucial resources away from WA families, **it's time to tax the wealthy** to fund core programs that most Washingtonians rely on.
